

# CITATION REPORT

List of articles citing

## The carbon footprint of household energy use in the United States

DOI: 10.1073/pnas.1922205117

Proceedings of the National Academy of Sciences of the United States of America, 2020, 117, 19122-19130.

**Source:** <https://exaly.com/paper-pdf/75581119/citation-report.pdf>

**Version:** 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
