Citation Report
List of articles citing

SARS-CoV-2 viral spike G614 mutation exhibits higher case fatality rate

DOI: 10.1111/ijcp.13525
International Journal of Clinical Practice, 2020, 74, e13525.

Source: https://exaly.com/paper-pdf/76623038/citation-report.pdf
Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
