

# CITATION REPORT

List of articles citing

## A typology of compound weather and climate events

DOI: 10.1038/s43017-020-0060-z

Nature Reviews Earth & Environment, 2020, 1, 333-347.

**Source:** <https://exaly.com/paper-pdf/76837819/citation-report.pdf>

**Version:** 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
339	The record-breaking compound hot and dry 2018 growing season in Germany. <b>2020</b> , 29, 100270		31
338	Dependence Types in a Binarized Precipitation Network. <b>2020</b> , 47, e2020GL090196		3
337	Global hotspots for the occurrence of compound events. <b>2020</b> , 11, 5956		31
336	More meteorological events that drive compound coastal flooding are projected under climate change. <b>2020</b> , 1, 47		18
335	Response of vegetation to El Niño-Southern Oscillation (ENSO) via compound dry and hot events in southern Africa. <b>2020</b> , 195, 103358		6
334	Deadly Compound Heat Stress-Flooding Hazard Across the Central United States. <b>2020</b> , 47, e2020GL089185		14
333	Analysis of Compound Climate Extremes and Exposed Population in Africa Under Two Different Emission Scenarios. <b>2020</b> , 8, e2019EF001473		24
332	Changes in the Compound Drought and Extreme Heat Occurrence in the 1961–2018 Period at the European Scale. <b>2020</b> , 12, 3543		9
