

# CITATION REPORT

List of articles citing

Mapping research in student engagement and educational technology in higher education: a systematic evidence map

DOI: 10.1186/s41239-019-0176-8

International Journal of Educational Technology in Higher Education, 2020, 17, .

**Source:** <https://exaly.com/paper-pdf/77397575/citation-report.pdf>

**Version:** 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
