

CITATION REPORT

List of articles citing

COVID-19-Related Severe Hypercoagulability in Patients Admitted to Intensive Care Unit for Acute Respiratory Failure

DOI: 10.1055/s-0040-1710018

Thrombosis and Haemostasis, 2020, 120, 998-1000.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
