

CITATION REPORT

List of articles citing

Different longitudinal patterns of nucleic acid and serology testing results based on disease severity of COVID-19 patients

DOI: 10.1080/22221751.2020.1756699

Emerging Microbes and Infections, 2020, 9, 833-836.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
