

CITATION REPORT

List of articles citing

Thermal and sound insulation performance
assessment of vacuum insulated composite insulation
panels for building faades

DOI: 10.1080/17512549.2018.1520645

Advances in Building Energy Research, 2021, 15, 270-290.

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
