

CITATION REPORT

List of articles citing

Exposure to light at night (LAN) and risk of breast cancer: A systematic review and meta-analysis

DOI: 10.1016/j.scitotenv.2020.143159

Science of the Total Environment, 2021, 762, 143159.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
