

CITATION REPORT

List of articles citing

Biofiltration for treatment of recent emerging contaminants in water: Current and future perspectives

DOI: 10.1002/wer.1493

Water Environment Research, 2021, 93, 972-992.

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
