

CITATION REPORT

List of articles citing

MiR-200a inversely correlates with Hedgehog and TGF- β canonical/non-canonical trajectories to orchestrate the anti-fibrotic effect of Tadalafil in a bleomycin-induced pulmonary fibrosis model

DOI: 10.1007/s10787-020-00748-w
Inflammopharmacology, 2021, 29, 167-182.

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
