Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
834	Perceptions of key informants on the provision of cervical cancer prevention and control programme in Uganda: implication for cervical cancer policy. 2020 , 20, 1396		1
833	Clinicians' views of treatment types for first episode psychosis delivered in a randomised controlled trial (MAPS). 2020 , 24, 100421		1
832	Understanding young peoples' and family members' views of treatment for first episode psychosis in a randomised controlled trial (MAPS). 2020 , 24, 100417		5
831	A Qualitative Application of Temporal Self-Regulation Theory to Understand Adherence to Simple and Complex Medication Regimens. 2020 , 8,		3
830	Barriers to women's disclosure of domestic violence in health services in Palestine: qualitative interview-based study. 2020 , 20, 1795		5
829	Choosing and Using the Progesterone Vaginal Ring: Women's Lived Experiences in Three African Cities. 2020 , 14, 1761-1770		1
828	Engaging male students with mental health support: a qualitative focus group study. 2020 , 20, 1159		3
827	The user and non-user perspective: Experiences of office workers with long-term access to sit-stand workstations. 2020 , 15, e0236582		4
826	Ways Ahead: developing a supported self-management programme for people living with low- and intermediate-grade gliomas - a protocol for a multi-method study. 2020 , 10, e041465		0
825	Examining the interaction between bodily pain and mental health of construction workers. 2020 , 38, 1009-1023		9
824	A qualitative study of school leader experiences adopting and implementing a whole of school physical activity and sedentary behaviour programme: Transform-Us!. 2020 , ahead-of-print,		2
823	Modifying walking football for people living with dementia: lessons for best practice. 2020 , 1-14		1
822	An exploration of clinical reasoning and practices used by physiotherapists in the rehabilitation of horses following interspinous ligament desmotomy surgery. 2020 , 1-11		0
821	Conflict Handling in Ghanaian In-law Relationships: Implications for Face Concerns. 2020 , 20, 285-297		1
820	Qualitative research and pain: Current controversies and future directions. 2020 , 4, 1-5		2
819	Surviving and thriving - a mixed-methods study of staff experiences of occupational wellbeing in a psychiatric place of safety service. 2020 , 1-8		0
818	Addressing School Bullying with a Multi-tiered System of Support Approach. 2020 , 1-16		2

817	Saturation controversy in qualitative research: Complexities and underlying assumptions. A literature review. 2020 , 6, 1838706	22
816	Nothing to lose: a phenomenological study of upper limb nerve transfer surgery for individuals with tetraplegia. 2020 , 1-9	2
815	Exploring physiotherapists' clinical definition and diagnosis of inflammatory conditions of the lactating breast in Australia: a mixed methods study. 2020 , 15, 48	1
814	"The child's got a complete circle around him". The care of younger children (5-11 years) with CFS/ME. A qualitative study comparing families', teachers' and clinicians' perspectives'. 2020 , 28, 2179-2189	1
813	Online support group users' perceptions and experiences of bone-anchored hearing aids (BAHAs): a qualitative study. 2020 , 59, 850-858	2
812	"They Just Need to Come Down a Little Bit to your Level": A Qualitative Study of Parents' Views and Experiences of Early Life Interventions to Promote Healthy Growth and Associated Behaviours. 2020 , 17,	6
811	Dyadic coping in coach-athlete relationships: A grounded theory. 2020 , 50, 101741	7
810	Overweight and obese men's experiences in a sport-based weight loss intervention for men. 2020 , 50, 101750	4
809	Patients' Experiences of Comorbid HIV/AIDS and Diabetes Care and Management in Soweto, South Africa. 2021 , 31, 373-384	7
808	One size fits all? What counts as quality practice in (reflexive) thematic analysis?. 2021 , 18, 328-352	645
807	A qualitative exploration of the impact of COVID-19 on individuals with eating disorders in the UK. 2021 , 156, 104977	41
806	Understanding disruptive situations in physical education: Teaching style and didactic implications. 2021 , 27, 455-472	4
805	Can I use TA? Should I use TA? Should I not use TA? Comparing reflexive thematic analysis and other pattern-based qualitative analytic approaches. 2021 , 21, 37-47	193
804	Cancer-related fatigue in teenage and young adult cancer patients: Clinicians' perspectives, practice and challenges. 2021 , 30, e13337	0
803	'Drawing a line in the sand': Physician diagnostic uncertainty in paediatric chronic pain. 2021 , 25, 430-441	4
802	Knowledge and attitudes of Australian dermatologists towards sentinel lymph node biopsy for melanoma: a mixed methods study. 2021 , 62, 168-176	1
801	What constitutes feeling safe at home? A qualitative interview study with frail older people receiving home care. 2021 , 8, 191-199	1
800	Chronic fatigue syndrome/myalgic encephalomyelitis in children aged 5 to 11 years: A qualitative study. 2021 , 26, 18-32	

799	Social consequences of airbnb in New Zealand case study of cause and effect. 2021 , 29, 1565-1585	2
798	A qualitative study exploring adolescents' experience of brief behavioural activation for depression and its impact on the symptom of anhedonia. 2021 , 94, 266-288	1
797	Establishing quality in discursive psychology: Three domains to consider. 2021 , 18, 406-425	3
796	Cross cultural and global uses of a digital mental health app: results of focus groups with clinicians, patients and family members in India and the United States. 2021 , 8, e30	5
795	Using medical reality television as a technology-enhanced learning strategy to provide authentic patient care experiences during clinical placements: a case study research investigation. 2021 , 21, 15	1
794	An Exploratory Qualitative Study of Computer Screening to Support Decision-Making about Use of Palliative Care Registers in Primary Care: GP Think Aloud and Patient and Carer Interviews. 2021 , 12, 21501327211024402	
793	Perspectives and experiences of patients and healthcare professionals with geriatric assessment in chronic kidney disease: a qualitative study. 2021 , 22, 9	4
792	Challenges in the management of people with heart failure with preserved ejection fraction (HFpEF) in primary care: A qualitative study of general practitioner perspectives. 2021 , 1742395320983871	1
791	Beliefs About Worry and Pain Amongst Adolescents With and Without Chronic Pain. 2021 ,	0
