

Mapping the SARS-CoV-2 “Host Protein” Protein Interactome  
by Mass Spectrometry and Proximity-Dependent Biotin Labeling  
A New Route to Discover Host-Directed Anti-SARS-CoV-2 Therapies

International Journal of Molecular Sciences

22, 532

DOI: [10.3390/ijms22020532](https://doi.org/10.3390/ijms22020532)
