List of articles citing

## An Active Pulse Transmission Line Simulating Nerve Axon

DOI: 10.1109/jrproc.1962.288235

Proceedings of the IEEE, 1962, 50, 2061-2070.

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
