

Collision avoidance method of autonomous vehicle based on field algorithm

Proceedings of the Institution of Mechanical Engineers, Part D
235, 3416-3430

DOI: [10.1177/09544070211014319](https://doi.org/10.1177/09544070211014319)
