

CITATION REPORT

List of articles citing

The role of economic policy uncertainty in the energy-environment nexus for China: Evidence from the novel dynamic simulations method

DOI: 10.1016/j.jenvman.2021.112865

Journal of Environmental Management, 2021, 292, 112865.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
