

Neutrophil extracellular traps, disease severity, and anti-oxidant activity in COVID-19: results from  
an international, observational, multicohort study

Lancet Respiratory Medicine, the  
9, 873-884

DOI: [10.1016/S2213-2600\(20\)30504-x](https://doi.org/10.1016/S2213-2600(20)30504-X)
