

CITATION REPORT

List of articles citing

International Classification of Retinopathy of Prematurity, Third Edition

DOI: 10.1016/j.opthta.2021.05.031
Ophthalmology, 2021, 128, e51-e68.

Source: <https://exaly.com/paper-pdf/82431005/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
125	Description and management of retinopathy of prematurity reactivation after intravitreal anti-vascular endothelial growth factor therapy. 2021 , 32, 468-474		0
