

# CITATION REPORT

List of articles citing

## Greenhouse Gas Emissions from Municipal Solid Waste Management: A Review of Global Scenario

DOI: 10.1007/978-981-15-9577-6\_5

Environmental Footprints and Eco-design of Products and Processes, 2021, , 123-160.

**Version:** 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
