

CITATION REPORT

List of articles citing

Adult somatic cell nuclear transfer is used to preserve the last surviving cow of the Enderby Island cattle breed

DOI: 10.1071/R98109

Reproduction, Fertility and Development, 1998, 10, 369-78.

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
