

# CITATION REPORT

List of articles citing

Efficiency of irrigation water discharged to furrows in combating irrigation erosion

DOI: 10.1088/1755-1315/614/1/012147

IOP Conference Series: Earth and Environmental Science, , 614, 012147.

**Version:** 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
