CITATION REPORT List of articles citing

Patients in the intensive care unit suffer from severe lack of sleep associated with loss of normal melatonin secretion pattern

DOI: 10.1097/00000441-199905000-00002 American Journal of the Medical Sciences, 1999, 317, 278-81.

Version: 2024-04-16

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
