**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
445	A combination study design to examine mycophenolate mofetil (MMF) and PTLD in renal transplant patients. <b>1999</b> , 8, 509-18		4
444	Predictive negative value of persistent low Epstein-Barr virus viral load after intestinal transplantation in children. <i>Transplantation</i> , <b>2000</b> , 70, 593-6	1.8	88
443	Molecular diagnostics in viral infections. <b>2000</b> , 5, 168-175		1
442	Lymphoproliferative disease post-renal transplantation. <b>2000</b> , 15, 1913-6		18
441	Epstein-Barr virus infection. <b>2000</b> , 343, 481-92		1207
440	Management of Epstein-Barr Virus-induced Post-transplant Lymphoproliferative Disease in Recipients of Solid Organ Transplantation. <b>2001</b> , 1, 103-108		97
439	[Increase of viral load of Epstein-Barr virus at diagnosis of primary brain lymphoma in a kidney transplanted patient]. <b>2001</b> , 117, 717-8		
438	Treatment of post-transplant lymphoproliferative disorder with monoclonal CD20 antibody (rituximab) after heart transplantation. <b>2001</b> , 20, 770-2		27
437	Use of autologous dendritic cells loaded with apoptotic LCL for ex vivo generation of specific CTL from the PBMC of EBV(-) individuals. <b>2001</b> , 33, 441		5
436	A gene polymorphism associated with posttransplant lymphoproliferative disorder. <b>2001</b> , 33, 1834		21
435	Posttransplant lymphoproliferative disorders: single center experience. <b>2001</b> , 33, 1838-9		5
434	Circulating EBV-DNA in the monitoring of EBV infection in pediatric liver transplant recipients. <b>2001</b> , 33, 1835-7		11
433	Infectious complications of solid organ transplantations. <b>2001</b> , 15, 521-49		54
432	Redox control of EBV infection: prevention by thiol-dependent modulation of functional CD21/EBV receptor expression. <b>2001</b> , 3, 1075-87		7
431	Cancer Surveillance Following Orthotopic Liver Transplantation. <b>2001</b> , 11, 199-214		5
430	Frequent monitoring of Epstein-Barr virus DNA load in unfractionated whole blood is essential for early detection of posttransplant lymphoproliferative disease in high-risk patients. <b>2001</b> , 97, 1165-71		278
429	Posttransplantation lymphoproliferative disease in miniature swine after allogeneic hematopoietic cell transplantation: similarity to human PTLD and association with a porcine gammaherpesvirus. <b>2001</b> , 97, 1467-73		71

428	Immunosuppressive medications for renal transplantation: a multiple choice question. <b>2001</b> , 59, 388-402	30
427	Predicting outcome from post-transplant lymphoproliferative disease: a risky business. <b>2001</b> , 5, 235-8	6
426	The role of antiviral and immunoglobulin therapy in the prevention of Epstein-Barr virus infection and post-transplant lymphoproliferative disease following solid organ transplantation. <b>2001</b> , 3, 97-103	77
425	Infectious complications of lung transplantation. <b>2001</b> , 3, 128-37	86
424	Epstein-Barr virus post-transplant lymphoproliferative disease and virus-specific therapy: pharmacological re-activation of viral target genes with arginine butyrate. <b>2001</b> , 3, 177-85	56
423	Quantification of Epstein-Barr virus load in peripheral blood of human immunodeficiency virus-infected patients using real-time PCR. <b>2001</b> , 65, 543-552	54
422	Functional CD4(+) and CD8(+) T-cell responses induced by autologous mitomycin C treated Epstein-Barr virus transformed lymphoblastoid cell lines. <b>2001</b> , 208, 25-33	5
421	Clinical usefulness of Epstein-Barr viral load in solid-organ transplantation. <b>2001</b> , 7, 157-9	4
420	Posttransplant lymphoproliferative disorder and tonsillectomy in a pediatric liver transplant population. <b>2001</b> , 7, 466-8	1
419	De novo malignancies after liver transplantation: a major cause of late death. <b>2001</b> , 7, S109-18	152
418	Late hepatic allograft dysfunction. <b>2001</b> , 7, S60-73	31
417	Lymphoproliferative disorder presenting as pulmonary nodules after bone marrow transplantation. <b>2001</b> , 28, 808-10	2
416	Post-transplant lymphoproliferative syndrome in the pediatric liver transplant population. <b>2001</b> , 1, 356-9	26
415	Diagnosis and management of posttransplant lymphoproliferative disorder in solid-organ transplant recipients. <b>2001</b> , 33 Suppl 1, S38-46	88
414	Toward standardization of Epstein-Barr virus DNA load monitoring: unfractionated whole blood as preferred clinical specimen. <b>2001</b> , 39, 1211-6	132
413	CD4+ T-cell effectors inhibit Epstein-Barr virus-induced B-cell proliferation. <b>2001</b> , 75, 3740-52	64
412	Diagnostic testing in Epstein-Barr virus infection. <b>2001</b> , 39, 789-94	2
411	Inhibition of EBV-induced lymphoproliferation by CD4(+) T cells specific for an MHC class II promiscuous epitope. <b>2002</b> , 169, 2172-9	70

410	Generation of EBV-specific CD4+ cytotoxic T cells from virus naive individuals. <b>2002</b> , 168, 909-18		94
409	Evaluation of use of Epstein-Barr viral load in patients after allogeneic stem cell transplantation to diagnose and monitor posttransplant lymphoproliferative disease. <b>2002</b> , 40, 351-8		91
408	Antibody-mediated control of persistent gamma-herpesvirus infection. <b>2002</b> , 168, 3958-64		80
407	Infection in the Organ Transplant Recipient. <b>2002</b> , 573-679		26
406	Role of Epstein-Barr virus DNA load monitoring in prevention and early detection of post-transplant lymphoproliferative disease. <b>2002</b> , 43, 831-40		83
405	Lymphoproliferation in children after liver transplantation. <b>2002</b> , 34, 499-505		18
404	Risk factors for lymphoproliferative disorders after liver transplantation in adults: an analysis of 480 patients. <i>Transplantation</i> , <b>2002</b> , 74, 1103-9	1.8	93
403	Ratio between Epstein-Barr viral load and anti-Epstein-Barr virus specific T-cell response as a predictive marker of posttransplant lymphoproliferative disease. <i>Transplantation</i> , <b>2002</b> , 73, 1603-10	1.8	158
402	Tailored chemotherapy for malignant lymphoma arising in the setting of posttransplant lymphoproliferative disorder after solid organ transplantation. <b>2002</b> , 24, 622-6		13
401	Posttransplant lymphoproliferative disorders in liver transplantation: a 20-year experience. <b>2002</b> , 236, 429-36; discussion 436-7		173
400	Response of elevated Epstein-Barr virus DNA levels to therapeutic changes in pediatric liver transplant patients: 56-month follow up and outcome. <i>Transplantation</i> , <b>2002</b> , 74, 367-72	1.8	49
399	Neurologic complications of transplantation. <b>2002</b> , 8, 107-20		26
398	Successful treatment of posttransplant lymphoproliferative disease with prolonged rituximab treatment in intestinal transplant recipients. <i>Transplantation</i> , <b>2002</b> , 74, 1000-6	1.8	67
397	Successful treatment of posttransplantation lymphoproliferative disorder (PTLD) following renal allografting is associated with sustained CD8(+) T-cell restoration. <b>2002</b> , 100, 2341-8		50
396	Effect of immunosuppressive treatment protocol on malignancy development in renal transplant patients. <b>2002</b> , 34, 2133-5		3
395	Rituximab and rapamycin for posttransplant lymphoproliferative disease treatment: report of three cases. <b>2002</b> , 34, 2993-5		18
394	Posttransplant Viral Syndromes in Pediatric Patients: A Review. <b>2002</b> , 12, 116-124		3
393	Post-transplant lymphoproliferative disorders in kidney transplantation: histological and molecular genetic assessment. <b>2002</b> , 16 Suppl 8, 12-7		4

392	Epstein-Barr virus-related lymphoproliferation in children after liver transplant: role of immunity, diagnosis, and management. <b>2002</b> , 6, 280-7	64
391	Epstein-Barr virus and post-transplant lymphoproliferative disease. <b>2002</b> , 6, 456-64	136
