Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
582	A false dichotomy. Commentary on 'Clinical guidelines: ways ahead'. 1998 , 4, 295-8		0
581	Reviewing and selecting outcome measures for use in routine practice. 1998 , 4, 339-50		72
580	What can patients do to improve health care?. 1998 , 1, 37-49		23
579	Attributes of clinical guidelines that influence use of guidelines in general practice: observational study. <i>BMJ: British Medical Journal</i> , 1998 , 317, 858-61		533
578	Does managed care fuel pharmaceutical industry growth?. 1998 , 14, 341-8		14
577	Assessment and Measurement Issues. 1998 , 113-135		3
576	Performance indicators for primary care groups: an evidence based approach. <i>BMJ: British Medical Journal</i> , 1998 , 317, 1354-60		82
575	The limits of leadership: opinion leaders in general practice. 1998 , 3, 197-202		8
574	Transferability to clinical practice of the results of controlled clinical trials: The case of antiemetic prophylactic treatment for cancer chemotherapy-induced nausea and vomiting. 1998 , 9, 759-765		26
573	What have new efforts to change professional practice achieved? Cochrane Effective Practice and Organization of Care Group. 1998 , 91 Suppl 35, 20-5		18
572	Role of commissioners in promoting clinical effectiveness in everyday psychiatric practice. 1998 , 22, 368-369		
571	Disseminating and applying best evidence. 1998 , 168, 260-1		10
570	"Don't confuse me with facts...": evidence-based practice confronts reality. 1999 , 170, 465-6		3
569	A framework for effective management of change in clinical practice: dissemination and implementation of clinical practice guidelines. 1999 , 8, 177-83		174
568	Assessing educational effectiveness: the impact of a specialist course on the delivery of care. 1999 , 30, 796-807		40
567	Implementing and sustaining evidence-based clinical practice in Australia: the Evidence Based Clinical Practice Research Initiative. 1999 , 5, 163-8		2
566	Measurement of the outcome of learning: Health care performance measurement and continuing medical education. 1999 , 19, 222-226		1

565	Prescribing at the interface between primary and secondary care in the UK. Towards joint formularies?. 1999 , 15, 435-43	8
564	Clinical guidelines: using clinical guidelines. <i>BMJ: British Medical Journal</i> , 1999 , 318, 728-30	229
563	Using clinical audit to measure the effectiveness of a programme to improve hypertension care. 1999 , 3, 87-90	1
562	Effective practice in the NHS and the contribution from public health: a qualitative study. 1999 , 4, 88-98	2
561	Improving the use of aspirin in myocardial infarction: a district strategy. 1999 , 4, 24-27	1
560	A model for clinical governance in primary care groups. <i>BMJ: British Medical Journal</i> , 1999 , 318, 779-83	44
559	Evidence-based implementation of evidence-based medicine. 1999 , 25, 503-13	257
558	Appraising clinical practice guidelines in England and Wales: the development of a methodologic framework and its application to policy. 1999 , 25, 514-21	30
557	Guideline implementation: what the literature doesn't tell us. 2000 , 26, 525-37	86
556	Evidence for the effectiveness of techniques To change physician behavior. 2000 , 118, 8S-17S	180
555	Case study of an inter-professional and inter-organisational programme to adapt, implement and evaluate clinical guidelines in secondary care. 2000 , 5, 72-82	8
554	Case study of an inter-professional and inter-organisational programme to adapt, implement and evaluate clinical guidelines in secondary care. 2000 , 8, 72-82	1
553	In the eye of the beholder: problems of perception in designing a strategy to promote evidence-based clinical policy. 2000 , 6, 165-76	5
552	What is action research and can it promote change in primary care?. 2000 , 6, 337-43	31
551	Reducing medical errors: a practical guide. 2000 , 173, 247-51	22
550	Evidence-based medicine and practice guidelines: an overview. 2000 , 7, 362-7	46
549	Evidence for evidence-based medicine at the coalface. 2000 , 172, 259-60	6
548	Getting new evidence into medicine. 2000 , 172, 180-3	28

547	Should there be more teaching of critical thinking in Australian general practice?. 2000 , 173, 153-7	
546	Quality improvement programme for cardiovascular disease risk factor recording in primary care. 2000 , 9, 175-80	19
545	Primary care research: ends and means. 2000 , 17, 1-4	12
544	Getting research into practice: developing oral hygiene standards. 2000 , 9, 434-8	22
543	Reactions to the use of evidence-based performance indicators in primary care: a qualitative study. 2000 , 9, 166-74	27
542	Increased use of beta-blockers after acute myocardial infarction. 2000 , 108, 349-350	
541	Effects of a clinical-practice guideline and practice-based education on detection and outcome of depression in primary care: Hampshire Depression Project randomised controlled trial. 2000 , 355, 185-91	381
540	Methodological considerations on the assessment of the implementation of quality management systems. 2000 , 54, 187-200	16
539	Performance Measurement and Management of Healthcare Professionals. 2000 , 7, 305-314	6
538	[New perspectives in Continuous Medical Education (CME): use of new telecommunication technologies]. 2000 , 114, 704-11	1
537	Evidence-based medicine. Interpreting studies and setting policy. 2000 , 14, 761-84	33
536	Antibiotic use by indication: a basis for active antibiotic policy in the community. 2001 , 33, 920-6	34
535	Research or development: the agenda for nursing? That the emphasis has to be put into developing practice. 2001 , 5, 54-56	
534	Barriers to research utilization: the clinical setting and nurses themselves. 2001 , 5, 154-64	35
533	Ensuring quality cancer care by the use of clinical practice guidelines and critical pathways. 2001 , 19, 2886-97	185
532	Resources to enhance evidence-based nursing practice. 2001 , 12, 520-8	54
531	Successes and failures in the implementation of evidence-based guidelines for clinical practice. 2001 , 39, 1146-54	674
530	Continuous quality improvement: effects on professional practice and patient outcomes. 2001 ,	

529	Evidence-based Practice Needs Evidence-based Implementation. 2001 , 6, 208-216		6
528	Improving clinical practice: what works and what doesn't?. 2001 , 31, 536-40		7
527	Approaches used to implement research findings into nursing practice: report of a study tour to Australia and New Zealand. 2001 , 7, 392-405		15
526	'More than just money' -- widening the understanding of the costs involved in cancer care. 2001 , 33, 371-9		45
525	Clinical guidelines: attitudes, information processes and culture in English primary care. 2001 , 16, 107-24		26
524	Features of primary health care teams associated with successful quality improvement of diabetes care: a qualitative study. 2001 , 18, 21-6		80
523	Why does primary care need more implementation research?. 2001 , 18, 353-5		70
522	Introducing safety syringes into a UK dental school--a controlled study. 2001 , 190, 88-92		28
521	Qualitative methods in research on healthcare quality. 2002 , 11, 148-52		356
520	Implementing a new drug record system: a qualitative study of difficulties perceived by physicians and nurses. 2002 , 11, 19-24		18
519	Evidence base of clinical diagnosis: Rational, cost effective use of investigations in clinical practice. <i>BMJ, The</i> , 2002 , 324, 783	5.9	55
518	The Practice-Research Relationship: A Case of Ambivalent Attachment?. 2002 , 2, 105-122		17
517	Cluster randomised controlled trial of tailored interventions to improve the management of urinary tract infections in women and sore throat. <i>BMJ, The</i> , 2002 , 325, 367	5.9	105
516	Interventions used in disease management programmes for patients with chronic illness-which ones work? Meta-analysis of published reports. <i>BMJ, The</i> , 2002 , 325, 925	5.9	474
515	Organizing cardiovascular preventive care in general practice: determinants of a successful intervention. 2002 , 35, 430-6		7
514	Improving quality of organizing cardiovascular preventive care in general practice by outreach visitors: a randomized controlled trial. 2002 , 35, 422-9		30
513	[Survey on the needs expressed by primary care doctors for continuing education in drug therapy]. 2002 , 30, 618-23		0
512	Barriers to research utilisation: the clinical setting and nurses themselves. 2002 , 18, 230-43		46

511	Changing physicians' competence and performance: finding the balance between the individual and the organization. 2002 , 22, 244-51	73
510	Effect of selected literature on dentists' decisions to remove asymptomatic, impacted lower third molars. 2002 , 110, 2-7	14
509	The impact of part-time post-registration degrees on practice. 2002 , 38, 524-35	49
508	Compliance in a randomized controlled trial: the implementation of emotion-orientated care in psycho-geriatric facilities. 2002 , 39, 182-9	15
507	Chiropractors' attitudes to, and perceptions of, the impact of continuing professional education on clinical practice. 2002 , 36, 317-24	15
506	Multifaceted support to improve clinical decision making in diabetes care: a randomized controlled trial in general practice. 2002 , 19, 836-42	41
505	Empowering patients: how to implement a diabetes passport in hospital care. 2002 , 47, 173-7	25
504	Identifying barriers and tailoring interventions to improve the management of urinary tract infections and sore throat: a pragmatic study using qualitative methods. 2003 , 3, 3	47
503	Factors affecting general practitioners' decisions about plain radiography for back pain: implications for classification of guideline barriers--a qualitative study. 2003 , 3, 8	79
502	Promoting brief alcohol intervention by nurses in primary care: a cluster randomised controlled trial. 2003 , 51, 277-84	43
501	Implementation of a model for service delivery and organisation in mental healthcare: a qualitative exploration of service provider views. 2003 , 11, 519-27	14
500	A qualitative investigation of the views and health beliefs of patients with Type 2 diabetes following the introduction of a diabetes shared care service. 2003 , 20, 853-7	23
499	Improving supportive care for women with breast cancer in Australia: the challenge of modifying health systems. 2003 , 12, 521-31	29
498	A model for quality improvement in the neonatal intensive care unit. 2003 , 25, 12-9; quiz 20	
497	Improving the performance of health services: the role of clinical leadership. 2003 , 361, 1978-80	172
496	Possibilities and barriers in the implementation of a preconceptional screening programme for cystic fibrosis carriers: a focus group study. 2003 , 117, 396-403	29
495	Focusing on changing clinical practice to enhance rational prescribing--collaboration and networking enable comprehensive approaches. 2003 , 66, 1-10	7
494	From best evidence to best practice: effective implementation of change in patients' care. 2003 , 362, 1225-30	3043

493	Quels sont les dterminants des comportements des prescripteurs d'antibiotiques ?. 2003 , 33, 73-85	3
492	Towards better prescribing a model for implementing clinical guidelines in primary care organisations in the NHS. 2003 , 8, 26-32	7
491	Guidelines for Community-Acquired Pneumonia Within Disease Management Programs. 2003 , 11, 33-43	
490	Designing a quality improvement intervention: a systematic approach. 2003 , 12, 215-20	132
489	Process evaluation on quality improvement interventions. 2003 , 12, 40-6	220
488	A failed model-based attempt to implement an evidence-based nursing guideline for fall prevention. 2003 , 18, 217-25	30
487	An explanation of theories that guide evidence-based interventions to improve quality. 2003 , 8, 247-254	8
486	What drives change? Barriers to and incentives for achieving evidence-based practice. 2004 , 180, S57-60	765
485	The science of changing providers' behaviour: the missing link in evidence-based practice. 2004 , 180, 205-6	23
484	The Clinical Support Systems Program: supporting system-wide improvement. 2004 , 180, S101-3	4
483	Adherence barriers to antimicrobial treatment guidelines in teaching hospital, the Netherlands. 2004 , 10, 522-5	51
482	Is evidence-based implementation of evidence-based care possible?. 2004 , 180, S50-1	137
481	Assessing practice-based learning and improvement. 2004 , 16, 85-92	44
480	Evidence-based reproductive health care: getting evidence into practice. 2004 , 30, 17-20	0
479	Changing clinical behaviour by making guidelines specific. <i>BMJ, The</i> , 2004 , 328, 343-5	5.9 206
478	Outcomes of evidence-based clinical practice guidelines: a systematic review. 2004 , 20, 427-33	86
477	Evidence-based palliative care: beliefs and evidence for changing practice. 2004 , 18, 265-6	17
476	Mental Health Link: the development and formative evaluation of a complex intervention to improve shared care for patients with long-term mental illness. 2004 , 10, 27-36	23

475	Provider-perceived barriers and facilitators for ischaemic heart disease (IHD) guideline adherence. 2004 , 10, 227-39	25
474	A multidisciplinary guideline for the acute phase of stroke: barriers perceived by Dutch neurologists. 2004 , 10, 241-6	12
473	Evidence into practice: a theory based study of achieving national health targets in primary care. 2004 , 10, 447-56	24
472	A new evidence-based model for weight management in primary care: the Counterweight Programme. 2004 , 17, 191-208	98
471	Evaluation of the implementation of a best practice information sheet: tracheal suctioning of adults with an artificial airway. 2004 , 2, 293-308	9
470	The influence of providing a clinical practice guideline on dental students' decision making. 2004 , 8, 1-6	5
469	Improvement in the treatment of stable ankle fractures: an audit based approach. 2004 , 35, 799-804	11
468	The implementation of snoezelen in psychogeriatric care: an evaluation through the eyes of caregivers. 2004 , 41, 397-409	35
467	The role of instructional design and technology in the dissemination of empirically supported, manual-based therapies.. 2004 , 11, 313-331	59
466	Attitudes of potential providers towards preconceptional cystic fibrosis carrier screening. 2004 , 13, 31-44	25
465	Barriers for early return-to-work of workers with musculoskeletal disorders according to occupational health physicians and human resource managers. 2004 , 14, 31-41	30
464	Family physicians' perspectives on practice guidelines related to cancer control. 2004 , 5, 25	30
463	A review of clinical guidelines. 2004 , 91, 956-64	25
462	Barriers facing physicians practicing evidence-based medicine in Saudi Arabia. 2004 , 24, 163-70	25
461	Implementing clinical guidelines: current evidence and future implications. 2004 , 24 Suppl 1, S31-7	312
460	Intervention among frequent attenders of the out-of-hours service: a stratified cluster randomized controlled trial. 2004 , 22, 180-6	22
459	VALUE OF CONTINUING MEDICAL EDUCATION IN THE PREHOSPITAL ARENA. 2004 , 8, 232-232	
458	Preconceptional cystic fibrosis carrier screening: attitudes and intentions of the target population. 2004 , 8, 80-9	31

457	Block design allowed for control of the Hawthorne effect in a randomized controlled trial of test ordering. 2004 , 57, 1119-23	37
456	Evidence-based Teaching and Learning in a Post-Graduate Dental Education Program. 2004 , 4, 100-106	4
455	Complexities of an Evidence-Based Clinical Practice. 2004 , 4, 200-209	7
454	Expanding developmental and behavioral services for newborns in primary care: program design, delivery, and evaluation framework. 2004 , 26, 344-55	9
453	Do neurosurgeons subscribe to the guideline lumbosacral radicular syndrome?. 2004 , 106, 313-7	14
452	WHO guidelines for management of severe malnutrition in rural South African hospitals: effect on case fatality and the influence of operational factors. 2004 , 363, 1110-5	142
451	Technology assessment, priority setting, and appropriate care in Dutch health care. 2004 , 20, 35-43	25
450	The need for evidence in medical education: the development of best evidence medical education as an opportunity to inform, guide, and sustain medical education research. 2004 , 79, 925-30	69
449	Evaluation of the implementation of a best practice information sheet. 2004 , 2, 293-308	
448	Implementing effective ventilator practice at the bedside. 2004 , 10, 33-9	22
447	The results of major clinical trials: critical assessment, the circulation of information and media coverage. 2004 , 59, 317-28	2
446	The Results of Major Clinical Trials. 2004 , 59, 323-328	
445	Tailored interventions to overcome identified barriers to change: effects on professional practice and health care outcomes. 2005 , CD005470	84
444	Implementation of the Dutch low back pain guideline for general practitioners: a cluster randomized controlled trial. 2005 , 30, 559-600	81
443	An Interview with Audrey Nelson. 2005 , 31, 665-670	
442	Medical decision making: a selective review for child psychiatrists and psychologists. 2005 , 46, 675-89	64
441	Antihypertensive drug prescribing in Grampian. 2005 , 60, 300-5	7
440	General practitioners' adoption of new drugs and previous prescribing of drugs belonging to the same therapeutic class: a pharmacoepidemiological study. 2005 , 60, 526-33	18
