

# CITATION REPORT

List of articles citing

Clinical implications of the no reflow phenomenon. A predictor of complications and left ventricular remodeling in reperfused anterior wall myocardial infarction

DOI: 10.1161/01.CIR.93.2.223  
Circulation, 1996, 93, 223-8.

**Source:** <https://exaly.com/paper-pdf/86224791/citation-report.pdf>

**Version:** 2024-04-17

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
