

CITATION REPORT

List of articles citing

Presynaptically localized cyclic GMP-dependent protein kinase 1 is a key determinant of spinal synaptic potentiation and pain hypersensitivity

DOI: 10.1371/journal.pbio.1001283
PLoS Biology, 2012, 10, e1001283.

Source: <https://exaly.com/paper-pdf/86958417/citation-report.pdf>

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
