

# CITATION REPORT

List of articles citing

Quantifying the contribution of statins to the decline in population mean cholesterol by socioeconomic group in England 1991 - 2012: a modelling study

DOI: [10.1371/journal.pone.0123112](https://doi.org/10.1371/journal.pone.0123112)  
PLoS ONE, 2015, 10, e0123112.

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
