

# CITATION REPORT

List of articles citing

Comparison of chemical-use between hydraulic fracturing, acidizing, and routine oil and gas development

DOI: 10.1371/journal.pone.0175344  
PLoS ONE, 2017, 12, e0175344.

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
