List of articles citing

## Small Molecules Targeting Mutant P53: A Promising Approach for Cancer Treatment

DOI: 10.2174/0929867325666181116124308

Current Medicinal Chemistry, 2019, 26, 7323-7336.

**Version:** 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
