

# CITATION REPORT

List of articles citing

## The Association Between Technology Use and Health Status in a Chronic Obstructive Pulmonary Disease Cohort: Multi-Method Study

DOI: 10.2196/jmir.9382

Journal of Medical Internet Research, 2018, 20, e125.

**Source:** <https://exaly.com/paper-pdf/88260363/citation-report.pdf>

**Version:** 2024-04-18

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
