

CITATION REPORT

List of articles citing

Common features between neoplastic and preneoplastic lesions of the biliary tract and the pancreas

DOI: 10.3748/wjg.v25.i31.4343

World Journal of Gastroenterology, 2019, 25, 4343-4359.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
