

# CITATION REPORT

List of articles citing

The effects of low carbohydrate diets on liver function tests in nonalcoholic fatty liver disease: A systematic review and meta-analysis of clinical trials

DOI: 10.4103/1735-1995.187269

Journal of Research in Medical Sciences, 2016, 21, 53.

**Source:** <https://exaly.com/paper-pdf/89663114/citation-report.pdf>

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
