

CITATION REPORT

List of articles citing

Carbon in global waste and wastewater flows its potential as energy source under alternative future waste management regimes

DOI: 10.5194/adgeo-45-105-2018
Advances in Geosciences, , 45, 105-113.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
