CITATION REPORT List of articles citing

Lung cancer incidence decreases with elevation: evidence for oxygen as an inhaled carcinogen

DOI: 10.7717/peerj.705 PeerJ, 2015, 3, e705.

Source: https://exaly.com/paper-pdf/90757348/citation-report.pdf

Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
