

CITATION REPORT

List of articles citing

Improved technique of heart transplantation in rats

DOI: 10.1016/s0022-5223(19)42744-x

Journal of Thoracic and Cardiovascular Surgery, 1969,
57, 225-229.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1150	References / Subject Index. 1990 , 156-188		
1149	Reversal of acute clinical and experimental organ rejection using large doses of intravenous prednisolone. 1971 , 1, 876-80		90
1148	Immunological and histological studies of ectopic heart transplants in the rat. 1971 , 105, 49-56		7
1147	Size changes of auxiliary adult heart grafts in rats. 1973 , 58, 355-63		6
1146	What abrogates heart transplant rejection in immunological enhancement?. 1974 , 247, 294-6		66
1145	Heterotopic heart transplant in the cat. An experimental model for the study of the development of sympathetic denervation and of allograft rejection. 1974 , 283, 389-407		5
1144	Hyperacute rejection of guinea-pig to rat cardiac xenografts. I. Morphology. 1975 , 115, 183-9		20
1143	Accumulation of ¹³¹ I hippurate in rat heart allografts during rejection. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 1975 , 69, 402-406	1.5	2
1142	Active enhancement of heart transplants in the inbred rat with donor strain blood. 1975 , 7, 242-8		
1141	Hamster-to-rat cardiac xenografts. A useful model for transplantation studies. 1975 , 19, 99-106		17
1140	Host response to cardiac allografts in rats. Effect of thymectomy, irradiation, T cell depletion, or AgB compatibility. 1976 , 21, 255-63		2
1139	The accumulation of gallium-67-labeled leukocytes in rat cardiac allografts. 1976 , 21, 333-4		1
1138	Morphological changes in indefinitely surviving enhanced ectopic rat cardiac allografts. 1976 , 119, 29-34		2
1137	Myocardial lipid metabolism in cardiac hyper- and hypo-function. Studies on triiodothyronine-treated and transplanted rat hearts. 1977 , 55, 1311-9		11
1136	Magnitude of memory to the major histocompatibility complex. 1977 , 268, 532-4		11
1135	Strong and weak immune responses across the same major histocompatibility barrier in rats. 1978 , 7, 63-71		
1134	[Xenogenic transplantation of aortic segments. Korrelated serological and histological investigations of the rejection mechanism]. 1978 , 172, 45-61		

1133	Prolongation of Heterotopic Rat Heart Allograft Survival by ‘Methotrexate-Folinic Acid Rescue. 1979 , 11, 331-336	3
1132	Immunosuppression for organ grafting -- observations on cyclosporin A. 1979 , 46, 113-24	74
1131	Sensitivity of rat heart endothelial and myocardial cells to alloimmune lymphocytes and to alloantibody-dependent cellular cytotoxicity. 1979 , 48, 375-82	18
1130	In situ effector mechanisms in rat kidney allograft rejection. I. Characterization of the host cellular infiltrate in rejecting allograft parenchyma. 1979 , 46, 309-26	46
1129	Reductive Effect of Phenobarbital on Graft Survival in Prednisolone-Treated Rats. 1979 , 11, 317-324	6
1128	Effect of Selective Lymphoid Ablation on Rat Cardiac Allograft Survival. 1979 , 11, 325-330	1
1127	Prolongation of rat cardiac allograft survival by donor pretreatment. Impact of dose and timing of drug administration. 1979 , 13, 83-6	2
1126	A technical modification of heart-lung transplantation in rats. 1980 , 1, 377-80	16
1125	Heart and spleen twin grafts in rats. 1980 , 1, 381-6	7
1124	Suppression of rejection of organ allografts by alloantibody. 1980 , 49, 93-125	40
1123	Endpoint detection of heterotopic grafted rat hearts using an implanted transmitter. 1981 , 31, 82-6	1
1122	Immunogenicity of allograft components. I. Assay for immunogenicity. 1981 , 57, 85-91	5
1121	Immunogenicity of allograft components. II. Relative immunogenicity of rat kidney parenchymal versus "passenger" cells. 1981 , 57, 92-8	9
1120	Some contributions of microsurgery to clinical and experimental transplantation. 1981 , 2, 206-13	
1119	Heart and spleen twin grafts in rats. II. Delayed host splenectomy. 1981 , 2, 261-8	7
1118	A simplified model for heterotopic heart transplantation in rats. 1981 , 2, 294-5	3
1117	Immunogenicity of allograft components. III. Immunogenic components in the rat heart allografts and reduction of immunogenicity of leukocytes by pretreatment of the cell donor. 1981 , 15, 293-300	
1116	Detection of cardiac transplant rejection with radiolabeled lymphocytes. 1982 , 65, 591-9	17

1115	Treatment of rat heart allograft recipients with postoperative total lymphoid irradiation (TLI). 1982 , 32, 360-3		4
1114	Ultrastructural and functional studies on prolonged myocardial preservation in an experimental heart transplant model. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 1982 , 84, 122-129	1.5	22
1113	The role of mononuclear phagocytes in cardiac allograft rejection in the rat. I. Ultrastructural and cytochemical features. 1982 , 69, 248-70		20
1112	The role of mononuclear phagocytes in cardiac allograft rejection in the rat. II. Characterization of mononuclear phagocytes extracted from rat cardiac allografts. 1982 , 69, 271-80		22
1111	The role of mononuclear phagocytes in cardiac allograft rejection in the rat. III. The effect of cells extracted from rat cardiac allografts upon beating heart cell cultures. 1982 , 69, 281-90		18
1110	Modified technique of heterotopic heart allotransplantation in the rat. 1982 , 2, 217-222		
1109	Cyclomunine: a potent inhibitor of rat and canine lymphocytes. 1982 , 4, 567-70		
1108	Prolonged survival of experimental heart transplantation induced by theophylline. 1983 , 6, 247-50		6
1107	A study of cold cardioplegic myocardial protection in rats: an experimental model using the uptake of technetium 99m pyrophosphate and enzyme activity as parameters of injury. 1983 , 17, 70-4		4
1106	Increased β adrenergic receptor density in an experimental model of cardiac transplantation. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 1983 , 86, 195-201	1.5	68
1105	Long-term effects of cold cardioplegic myocardial protection in the rat. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 1984 , 87, 913-919	1.5	7
1104	Reimplantation response in isografted rat lungs. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 1984 , 87, 702-711	1.5	85
1103	The immunosuppressive effect of experimentally induced uremia. 1984 , 38, 183-7		5
1102	Restoration of allograft responsiveness in B rats. IV. The divergent migratory behavior of lymphocyte populations mediating cardiac allograft rejection. 1984 , 85, 459-76		5
1101	The role of the macrophage in cardiac allograft rejection in the rat. 1984 , 77, 143-66		31
